**EXAMINER'S STATEMENT OF
REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

U.S. Pat. No. 6,627,630 to Kawano, et al., entitled to the date of Oct. 20, 1999, Ishikawa, J. Antibiotics, 2001, Vol. 54, No. 3, 257-277, and Gyoten, et al., Chem. Pharm. Bull., 02-2003, 51, 122-133, each show certain aspects of the reactions of claims 1-10 for introducing an alkyl group into the 6-position of an imidazo[1,2-b]pyridazines. However, whether taken separately or together, these references do not teach or suggest the specifics of the reactions of the present claims. None of these references teach or suggest a nickel containing catalyst. None of the references, taken individually or in any combination teach or suggest the processes of claims 11 and 12 for making the recited sulfonamides.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
